

HEADQUARTERS ARMY OF THE WEST,
Camp, near Florence, Ala., June 24.

GENERAL ORDER, No. 20.—There are 14,000 officers and soldiers absent from their duty with the various divisions of the Army of the West. They are off without any authority; others with the permission of officers not authorized to grant it. In general, sickness is given as the cause of absence, but in many cases that cause has not been given, and the men are simply away, drawing the same pay as their comrades who are faithfully performing their duty. To correct this abuse it is ordered—

1. All officers and soldiers who are absent without direct authority from these Headquarters, the period for which has not expired, will, on or before the 10th of July, proximo, join their companies or regiments wherever they may be. If ignorant of their location, they will report to the commanding officer at Louisville or Nashville, by whom they will be directed to their regiments, or put on such light duty as they may be able to perform, if they are not entirely fit for active service; and these will be promptly reported to their regimental commanders by the officer or soldier concerned.

The cases of those who fail to join as above required, will be disposed of as follows:

2. If any absent officer or soldier, in consequence of sickness or wounds, is absolutely unable to report for duty as required, he will forward by mail the "Certificate of Disability," according to the following form:

I declare on oath that I have carefully examined..... of Captain..... Company, Colonel..... Regiment of..... Volunteers, now at this place and under treatment by me, and find him incapable of performing the duties of a soldier, and hereby certify that (Here state all the facts known concerning the disease or wound, or cause of disability, the time, place, manner, and all the circumstances under which the injury occurred or disease originated; the duty or situation of the officer or soldier at the time the injury was received or disease contracted; and whatever facts may aid in judgment as to the cause, immediate or remote, of the disability, and the circumstances attending the case.)

Place..... (Signed)..... Surgeon (or Physician).
Sworn to and subscribed before.....
This certificate must be subscribed and sworn to by a Surgeon or private Physician, good standing and known as such by the commanding officer or other officer of the camp, and on it a discharge will be ordered from these Headquarters, or the case otherwise disposed of according to the circumstances.

3. The death of any officer or soldier, which has occurred since the 1st of July, last, while he was absent from his regiment or company, and which has not been reported by the Surgeon of the Hospital in which the death occurred, or by the friends of the deceased if not in the Hospital, will be immediately reported by the Surgeon of the Hospital, or by the friends of the deceased, to the Assistant Adjutant General, District of the Ohio, Nashville, Tennessee, setting forth the date of death and other material circumstances.

4. All absent officers and soldiers who do not join their companies and regiments, or are not satisfactorily accounted for, as above by the 10th day of July next, will be reported on their master rolls as deserters, drawing from the date they were reported as deserters a reward of five dollars.

By command of Major General Dyer.

General Order, No. 27.

I am again writing men for the war. The country, through its Chief Magistrate, has sent 800,000 more patriots are required to crush the rebellion, and reestablish peace and happiness throughout our land. Will the people of Kentucky—the brave and chivalric people of Kentucky—be behind when men in other States are rushing to arms in vindication of the only free government on earth? Will you disgrace the names of your sires, and remain at home when the insolent foe invade your State, desolate your hearthstones, and lay waste your fields? Will you sit quietly down, with folded hands, and invite your brethren of neighboring States to quit the plow, the workshop, and the counting-room, to come here and fight your brethren? Will you time when your sires died to arms to punish the ruthless slave who laid waste the homes of your friends north of the Ohio. Are you to be branded as cowards and traitors, and your names to be forever associated with those of the traitors who have fled from the field of battle? Men of Kentucky, your country needs your strong arms to maintain her supremacy and preserve her nation. Kentucky has been written upon her banners; every hearted soldier nobly of her sons whose glory is emblazoned on the bloody page of history. Will you, patriots of Kentucky, suffer your gallant brethren to be vanquished by superior force, and not try to strengthen and to aid? True chivalric blood runs through your veins, and you should be as ready now as in the days when you were called to arms to seize your arms and settle forever the destinies of your country. Then with one accord come forward and enlist beneath the banner of the Union, and with that flag leading over your march on to victory.

Those who will entrust themselves to my guidance by enlisting in the regiment I am to command, have the assurance of discipline that will render them invincible, and the promise of fight whenever the enemy are within striking distance.

Kentuckians, will you go with me? Will you fight with me? Shall we be victorious together? It is for you to answer. Your places are open. Fall into line, and let us march on in the glorious work of reconstituting this great Union. I have the authority to raise a regiment. I will provide you with all comforts necessary for a soldier. Raise companies for this regiment, men of Kentucky, and apply to me here, and you will be rewarded with open arms, and instructed in the duties that will make veterans in the cause of your country.
